

Resource Concepts, Inc. (RCI) has had the pleasure of working closely with NDEP's ISWPP program staff since 2012 to assist with development of County-wide Source Water Protection Plans.

Lynn Zonge

P.G., Hydrologist / Geologist / Public Outreach
Resource Concepts, Inc.

Lynn draws from more than twenty-five years of experience with environmental permitting, watershed analyses, and land planning. She specializes in geomorphology, surface water hydrology and geology of the Sierra Nevada and Great Basin ecoregions, technical writing and community outreach. Lynn has BS in Geology from University of Arizona and an MS in Hydrology from the University of Nevada, Reno.

Jill Sutherland

P.E., Civil Engineer and Environmental Specialist
Resource Concepts, Inc.

Jill has worked in Nevada and California since starting with RCI in 1991. She has broad educational and work experience in water, wastewater, storm water, and land use related projects, with special interest in water pollution control and recycled water. Jill holds a BS in Civil Engineering from Swarthmore College and an MS in Environmental Engineering from the Oregon State University.
