

Shane Fryer

Watershed Program Specialist
Carson Water Subconservancy District (CWSD)

Shane works for CWSD in the role of Watershed Program Specialist. He has a Bachelor of Science in Geography and Minor in Geology from Western Kentucky University. Previous work includes the Alpine Watershed Group (AWG), his introduction to the Carson River Watershed, and as physical scientist for the National Park Service. He presently is a board member for Muscle Powered a local nonprofit. A physical geographer at heart he loves any activity that allows him to explore fantastic landscapes; including, caving, diving, paddling, videography, backpacking and enjoys sharing these experiences with others.
